

Cutting Edge Topics: Immunology and Infection Biology

*Takes place at Uni Irchel, Y17-M-05
Tuesdays at 17:15
(ETH VVZ 551-1117-00L, UZH 1478)*

Program Autumn Semester 2017

September 26, 2017

Prof. Dr. Adrian Liston
KU Leuven (BE)

Host: Prof. Dr. Burkhard Becher

Activating Inflammation

October 3, 2017

Prof. Dr. Daniel Legler
University of Konstanz (GER)

Host: Prof. Dr. Cornelia Halin

Versatile regulation of chemokine receptor signaling in controlling leukocyte migration

October 10, 2017

Prof. Dr. Miguel Soares
Instituto Gulbenkian de Ciência, Oeiras (PT)

Host: Prof. Dr. Manfred Kopf

- title will be announced -

October 17, 2017

Dr. Peter Cook
University of Manchester (UK)

Host: Prof. Dr. Salomé LeibundGut

Immune checkpoints that underpin fungal allergic airway disease

October 24, 2017

Prof. Dr. Sai Reddy
D-BSSE Basel (CH)

Host: Prof. Dr. Annette Oxenius

Genome sequencing and editing of adaptive immunity

October 31, 2017

Dr. med. Veit Buchholz
TUM Technische Universität München (GER)

Host: Prof. Dr. Burkhard Becher

How single lymphocytes generate adaptive immune responses

November 7, 2017

Prof. Dr. Iris Gratz
University of Salzburg (AT)

Host: Prof. Dr. Nicole Joller

In vivo manipulation of T cell fate in skin immunity

Cutting Edge Topics: Immunology and Infection Biology

Takes place at Uni Irchel, Y17-M-05
Tuesdays at 17:15
(ETH VVZ 551-1117-00L, UZH 1478)

Program Autumn Semester 2017

November 14, 2017

Prof. Dr. med. Lukas Flatz
KSSG St. Gallen (CH)

Host: Prof. Dr. Nicole Joller

T cell responses during checkpoint inhibitor treatment in cancer patients

November 21, 2017

Prof. Dr. Felix Randow
University of Cambridge (UK)

Host: Prof. Dr. Christian Münz

How cells deploy autophagy to defend against bacterial invasion

November 28, 2017

Prof. Dr. Matteo Iannacone
San Raffaele Scientific Institute, Milan (IT)

Host: Prof. Dr. Annette Oxenius

In vivo imaging of antiviral immune responses

December 5, 2017

Dr. Laura Surace
Institute Pasteur, Paris (FR)

Host: Prof. Dr. Maries van den Broek

Metabolic characterisation of ILCs under homeostatic or stress conditions

December 12, 2017

Prof. Dr. Stéphanie Hugues
University of Geneva (CH)

Host: Prof. Dr. Cornelia Halin

Lymph node stromal cell and T cell tolerance

December 19, 2017

Prof. Dr. Davide F. Robbiani
The Rockefeller University, NYC (USA)

Host: Prof. Dr. Alexandra Trkola

Antibodies against Zika virus from ZIKV outbreak areas
